2020 SPEECH DAY COMMEMORATE BOOKLET

Speech Day 2020

As we all know, 2020 was a year like no other, COVID affected us all and it is a credit to our staff and students that they were able to navigate the constantly changing learning environment with such success.

Whilst many areas of our normal learning environment looked different, the commitment of our staff to provide our students with as many 'normal' activities throughout the year was impressive and necessary in ensuring our students wellbeing.

To enable our student population and school community to attend Speech Day, a valued day in our calendar, we forged ahead with plans to hold 4 separate year level events, unfortunately due to the November COVID shut down and subsequent restrictions, we regrettably had to make the decision to postpone the event rather than cancelling it, which we believe was a better outcome for our families.

Staff however felt it was important to recognise the extraordinary efforts of our Graduating Class and as such, held a Morning Tea for them in week 11 at which time they were presented with their certificates.

Based on the feedback from our students and school community it was decided to hold Speech Day early in 2021 to give everyone the opportunity to share the success of what was an exceptionally difficult year.

With COVID restrictions still in place the event has sadly been limited to sponsors, award winners, our Graduating Class along with 2 guests. We realise this isn't the Speech Day that we have all come to expect and appreciate, but in the current circumstances, we are proud to hold this event regardless.

To ensure the event is COVID safe, SHS has put the following steps in place...

COVID Marshalls | COVID Safety Plan | Ticketed guests only | Single entry/exit gates | QR code / sign in

Sanitiser stations | Allocated seating | Sanitised chairs

Social distancing | Limited numbers

Welcome to Country

We would like to acknowledge this land that we meet on today is the traditional lands for the Kurna people and that we respect their spiritual relationship with their country. We also acknowledge the Kurna people as the custodians of the Adelaide region and that their cultural and heritage beliefs are still as important to the living Kurna people today.

From the Principal

Welcome to visitors, parents, teachers and especially the graduating class of 2020. This is definitely not the Speech Day we planned but it is very important that we found a way to ensure that the Year 12 students of 2020 along with all year level prizewinners could celebrate their achievements and be acknowledged in a way that they truly deserve. The covid restrictions hampered our best efforts to hold a worthy Speech Day last year and as a result we made the unprecedented decision to reschedule this amazing event to 2021 to ensure the class of 2020, their parents, community members and invited prizewinners could take part. We did not want to limit attendees but covid restrictions did not allow us to invite all members of our School Community and I sincerely apologise to those who have missed out.

I know this format may have not allowed all former students to attend. Nonetheless we felt this was the best option to formally farewell and actively showcase and celebrate their journey and successes. I firstly would like to acknowledge the class of 2020's accomplishment of surviving a truly grueling and unexpected year that tested us all. You have shown resilience, persistence and commitment to have completed your full year of Year 12 schooling. It would have been easier to not finish, not to try hard and to not give it your all. Yet I know seated here today are students who did not just survive last year but who excelled and are now in a position to follow their dreams.

The world as we know it changed dramatically and may never look or feel the same. However, we all now know you have the power to shape your destinies in spite of very difficult and challenging circumstances.

I know this school will have a lasting impact on each and every one of you. Hopefully you have made some lasting memories during your time at Salisbury High School. This school has had a hand in shaping the person you are now and the person you are yet to become and I am proud that we been part of your life journey.

Remember this with good humor, humility and pride. Always be proud of where you have come from.

To our Families, we know that you too have had your struggles dealing with covid and the fact that you were still able to support your children through their Senior year was admirable. To our staff, I was humbled by your commitment, strength, flexibility and seemingly endless capacity to dig deep in the toughest of times. You never gave up on our students and the relationships you developed and the results they achieved is a credit to you all. The class of 2020 know the learning and support you provided academically, emotionally and socially was above and beyond – but that's what being part of the SHS community is all about. I cannot articulate the depth of support you provided to our students, to each other and to our community. I thank you all.

To the class of 2020. You sit in front of me for the last time as students of Salisbury High School and as friends. My final words of advice to you all are to realize how talented, inspiring and resilient you can be. You are already on your next journey and where you are heading is what matters. So, embrace this next stage of your life. Don't be afraid but continue to learn and grow and be inspired by people and places. Seek new experiences, work hard and live life to the fullest. Be curious, take risks, be strong, be sensitive, be caring and be true to yourself.

Our work here is done. It is time for you to move on. But remember Salisbury HS with fondness, stay connected, reach out if you need to and hold your memories close. We will always welcome you back as Old Scholars. 2020 wasn't the year you expected but it was your year and I am proud to have been a part of it.

Congratulations class of 2020.

I would now like to share some of the memories from last year, we actually managed to squeeze in quite a lot, including a graduation morning tea and formal both of which were at risk of not going ahead. Thank you to everyone involved in helping to make these events such a success.

STAGE 2 VISUAL ARTS 2020

Nikita Baker - Mischievous Raccoons

Each year a selection of the best art work produced by students from South Australia and the Northern Territory are chosen to be displayed in the SACE Art show.

Congratulations to Nikita Baker who was selected to show her work this year.

Governing Council Chair Persons Address

2020 has been a year written into the history books for all countries as we have all been impacted by the Corona virus in many different ways. This pandemic provided us with challenges and new opportunities to demonstrate our resilience, strength, unity and ability in continuing to deliver educational excellence resulting in great academic achievements. Our focus to remain student centric has seen us define the meaning of care, compassion and supportive wellbeing with this encompassing our teachers and community to bring everyone together to surround our students for success.

Your Governing Council has worked tirelessly via face to face and virtual Zoom meetings to ensure we were doing & considering the best approaches for the school, students and community, all whilst still positioning our school to receive investment as we look forward to the transition of Year 7 into High Schools in 2022. Our partnerships remain strong with the Doorways to Construction and the Northern Adelaide State Secondary School Alliance and we look to leverage our Orion partnerships to refine, develop and enhance our capabilities to meet and exceed the future learning needs of students in the years ahead.

Our school spirit has been outstanding, uplifting and optimistic, with the care and thought for one another shining bright. Our Student Representative Council continues to provide exciting activities with a respectful balance towards social equality.

The gratitude towards the school throughout this year has been phenomenal, reassuring and well deserved for all of our valued, professional staff as many have gone above & beyond to keep our students engaged, inspired and on task to fulfil their aspirations. For this, we are greatly appreciative of you all. You have consistently displayed our school values in the face of uncertainty and shown that you can rise to the top when life presents heartache.

*Thank you all.
Stewart Sparrow*

SRC REPORT

My name is Amber Barry and I am the Year 12 leader for SRC in 2020 at Salisbury High School.

This year has been a big year for SRC. From the nomination and selection process, we have had an amazing group of students on SRC. Congratulations to all those students who were selected. Some were nominated from their Care Group teachers and some self-nominated.

It has been a busy and long year for SRC due to the recent COVID-19 Pandemic. From this, we had a late start to the year, coming together during the second term instead of the first. After coming together, we decided that this year it would be more about us students being involved and coming up with the ideas rather than being led by the coordinators. After this decision was made in our first meeting, we then continued with the meeting by giving people vital roles to make this year successful. These roles included President, Vice President, Secretary, Note Taker, Digital Advisor and other roles such as creating suggestion boxes for students around the school and creating posters for the events we held.

However, also due to COVID-19, we had limitations. We were unable to hold a few events due to the restrictions put in place. Fortunately, we were able to hold a booth at Wellbeing day and raise money as fundraising to renovate the Safe Space for students in the cage. Together, us students in SRC decided to renovate the Safe Space to make students who feel like they have nowhere to go throughout recess and lunch, and students who just want a space to relax with friends. We started with re-painting the walls and were in discussions about what we wanted to put into the space.

With the money we had raised, we were looking about putting furniture in there, such as bean bags and new tables and chairs. We also looked at putting different types of board games and card games in there for students to enjoy, along with putting a microwave in there for students to heat up their food during break times. The result of this space was for students to enjoy and have fun, taking all the stress and pressure off their shoulders.

To any students that may want to nominate for SRC in 2021, I encourage you. The values of inclusion, leadership and participation are vital to the success of our great school community. You can make a difference. I am not sure how many people that SRC and our school has helped this year, but as long as we have helped someone, then we have done something amazing and made a difference.

On a personal note, I was nominated SRC President this year and it has been amazing. Even though at the beginning of the year, it terrified me I can honestly say that I have enjoyed every moment. I have learned a lot about how important it is to support my school and community. It has been a pleasure to be the Year 12 representative and I hope that this year's SRC leaders have made a difference to not only our school community, but the wider community.

Thank you.

Lily Baker was Miss Macaskill's late grandma who absolutely loved to see young people performing on stage, including three generations of her own family. She always looked forward to our school musical performances, attending 9 out of the 12 we have produced until her passing, aged 101 years.

This award is to encourage a member of the musical cast to be the best they can and to embrace their individuality and creativity in the performing arts.
