2021 SPEECH DAY

COMMEMORATE BOOKLET

Acknowledgment to Country

We would like to acknowledge this land that we meet on today is the traditional lands of the Kaurna people and that we respect their spiritual relationship with their country. We also acknowledge the Kaurna people as the custodians of the Adelaide region and that their cultural and heritage beliefs are still as important to the living Kaurna people today.

Speech Day 2021

With COVID restrictions still in place the event has sadly been limited to sponsors, award winners, our Graduating Class along with 2 guests. We realise this isn't the Speech Day that we have all come to expect and appreciate, but in the current circumstances, we are proud to hold this event regardless.

To ensure the event is COVID safe, SHS has put the following steps in place...

COVID Marshalls | COVID Safety Plan | Ticketed guests only | Single entry/exit gates | QR code / sign in

Sanitiser stations | Allocated seating | Sanitised chairs

Social distancing | Limited numbers | Masks

Speech Day Address

I would like to welcome those of you here today, our award winners, sponsors, Graduating Class, family members and staff, and the staff and students watching from their classrooms. Welcome the graduating class of 2021. This is definitely not the Graduation Day we expected but it was very important that we found a way to ensure that our Year 12 students could celebrate and be acknowledged in a way that they truly deserve. While the whole school cannot share this experience with you because of covid restrictions you will all leave your own footprint and legacy at this school.

I firstly would like to acknowledge your accomplishment of surviving 2 truly grueling and unexpected years that has tested us all. You have shown resilience, persistence and commitment to still be here today. It would have been easier to not finish, not try hard and not give it your all. Yet I know that here today are students who have not just survived the last 2 years but who will excel and follow their dreams.

The world as we know has changed dramatically and may need ever look and feel the same. However, we all now know you have the power to shape your destinies in spite of very difficult circumstances.

I know this school will have a lasting impact on each and every one of you. Hopefully you have made some lasting memories in your time at Salisbury High School. This school has had a hand in shaping the person you are now and the person you are yet to become.

Remember this with good humor, humility and pride. Always be proud of where you have come from.

To the teachers, I am humbled by your commitment, strength, flexibility and seemingly endless capacity to dig deep in the toughest of times. You never gave up on our students and the relationships you have developed and the results they will achieve, is a credit to you all. The class of 2021 know the learning and support you have provided academically, emotionally and socially. I cannot articulate the depth of support you have provided to our students, to each other and to our community. I thank you all.

To the class of 2021. You are in front of me for one of the last time as students of Salisbury High School and as friends.

Advice I want to share with you is to realize how talented, inspiring and resilient you can be. Today is the beginning of your next journey and where you are heading is what matters. So, embrace this next stage of your life. Don't be afraid but continue to learn and grow and be inspired by people and places. Seek new experiences, work hard and live life to the fullest. Be curious, take risks, be strong, be sensitive, be caring and be true to yourself.

Our work here is done. It is time for you to move on. But remember Salisbury HS with fondness, stay connected, reach out if you need and hold your memories close. We will welcome you back as Old Scholars. This wasn't the year you expected but it was your year and I am proud to have been a part of it.

Congratulations class of 2021. I look forward to seeing you at the formal and Speech next year.

Governing Council Chair Persons Address

2021 has become a year of re-establishment, acknowledging the ongoing challenges COVID 19 has brought but adapting, learning & most importantly from what I see within the Salisbury High School, persisting. No virus, no restrictions, no barriers will overcome the staff or students here at Salisbury High School.

Your School Governing Council continues to review, debate & work together towards achieving the best outcomes for the school, students, staff and community. We look forward to another successful year ahead including the transition of Year 7 students into our school, the continuing success of Well Being Day & the importance it carries in building student support systems & NAIDOC week, a journey into discovery of indigenous culture & celebrating our growing number of indigenous students. These are only a small cross section of events on the Salisbury High School calendar.

This school no longer “punches above its weight,” it’s a highly sought after educational facility that genuinely provides students’ opportunities, growth & grounding as you transition into career paths & further education. You are the future of our community & state, be proud, be persistent, you are valued.

The continued effort & dedication our teachers & affiliated staff devote towards this school is extreme, the culture is to work above & beyond to keep our students engaged, inspired and on task to fulfil their aspirations. For this, the School Governing Council & wider community are highly appreciative of the continued positive outcomes you all achieve. Congratulations to individual award winners on this significant day & congratulations to all students here at Salisbury High School as you move closer to building your dreams.

Student Action Team Report

Good morning,

My name is Beth Coventry, and I'm a Year 11 student who was part of the 2021 Salisbury High School Student Action Team. This has been an exciting year for student leadership.

In Term 1, a group of enthusiastic staff volunteers formed a team, tasked with putting their heads together to revitalise what it meant to be a leader at Salisbury High. Firstly, they decided to rebrand from the Student Representative Council (SRC) to the Student Action Team (SAT). They wanted the focus to be on our School community and empowering students to be a part of change. 3 key project teams were created that addressed needs in our School community. These project teams were Unity in the Community, Digital Footprint and Safe Spaces. As a result of attending the 'National Leadership Summit' with students Bradey Roberts and Paige Brown, we decided that each of these projects would follow a modified Design Thinking process. We chose to add an 'Appreciate' stage so we could begin from a place of positivity, building upon the many strengths of our school.

Late in Term 1, students were encouraged to apply to be part of the SAT. This was promoted multiple times through whole school Daymap bulletins, posters and in Care Groups. Students needed to self-nominate, completing an application form explaining who they were and what they wanted for our School community. A highly motivated and dedicated group of students were selected from all year levels to form our brand-new SAT. Each student selected one project as their focus, to ensure that they didn't overcommit, but knew they could contribute to any project if they wanted to. There was also an opportunity for the most passionate members to nominate to become Project Leaders, with added responsibility. This involved ensuring that meetings were productive, encouraging everybody to participate, leading activities, and even reporting to the Governing Council and student body.

We achieved a lot this year through our hard work in the SAT. Here are just a few of the highlights. Firstly, the Unity in the Community project team worked to acknowledge and celebrate our diversity. You may have seen our free flag stall on Wellbeing Day which has resulted in many students proudly showing off their heritage. The project also advocated for the needs of students to have a long-sleeved uniform option, for religious reasons or just personal preference. Samples are currently being created of this new style. Secondly, the Digital Footprint project team worked with skilled staff to develop their design capabilities and create promotional material for school events, like Wellbeing Day. Last but not least, the Safe Spaces project team wanted to improve school spaces, so chose to relaunch the Pride Club, supporting our LGBTIQ+ community by focusing on inclusivity, equality and education. Thanks to everybody who attended the Pride Club's Wellbeing Stall too. The Safe Spaces project also recently created a games collection in the library to allow students to borrow board and card games during break times to play with their friends.

The Student Action Team will continue next year and is going to include more students, more projects, more events and more improvement to our school. To any student who may want to nominate in 2022, we encourage you. You can make a huge difference, while meeting new people and building important life skills. Every voice is heard and every idea is considered. There are many rewards too. Like earlier this week, the Student Action Team and various other emerging leaders were rewarded with a private pre-release movie screening at Hoyts. There's definitely more to come in 2022! For now, we thank all students and staff who were involved this year, whether that be through the SAT, our surveys, or even just supporting our teams – we couldn't have done it without you!

Thank you.
