SPEECH DAY ADDRESS

I would like to welcome those of you here today, our award winners from Years 7- 12, Sponsors, Old Scholars, Governing Councilors, the Graduating Class, family members, community members and staff.

This is the second time the whole school is not able to attend Speech Day due to the increasing size of the school. However, we believe the opportunity to extend unlimited invitations to all family members and friends of award recipients and Year 12 students is a welcome bonus. As the school has increased in size with the inclusion of Year 7s so has our Speech Day guest list.

I firstly would like to acknowledge the accomplishment of the graduating class of 2023 for surviving their secondary schooling years. It has been a period of significant change. No one could have predicted the long and ongoing impact covid would have. Who would ever have imagined that the world as we know it, could be brought to a virtual standstill? The hangover of covid is still very present. We know attendance, staff shortages and the way we learn, has changed for many. This class was also the first Year 12s to experience the ban on mobile phones in schools. This proved challenging but overall improved learning and even social connections.

However, the class of 2023 have shown resilience, persistence and commitment to still be here today. At times, it would have been easier to not finish, to not try hard and to not give it your best efforts. Yet I know that here today are students who have not just survived the last 5 years but who have become stronger because of it and who will go forward to excel and follow their dreams. We are expecting some students to achieve high standards this year.

The world we know has changed dramatically and may never look or feel the same. Covid and more recently the middle eastern conflict has impacted us all. However, we all now know you have the power to shape your destinies in spite of very difficult circumstances.

I know this school will have a lasting impact on each and every one of you. Hopefully, you have made some lasting memories in your time at Salisbury High School. This school has had a hand in shaping the person you are now and the person you are yet to become.

Remember Salisbury High School with good humor, humility and pride. Always be proud of where you have come from.

Thank you to the parents and families for supporting the school during your child's journey. We value our connections with families and value their support.

To the teachers, I am humbled by your commitment, strength, flexibility and seemingly endless capacity to dig deep in the toughest of times. You never gave up on our students and the relationships you have developed and the results they will achieve, is a credit to you all. The class of 2023 know the learning and support you have provided academically, emotionally and socially. I cannot articulate the depth of support you have provided to our students, to each other and to our community. I thank you all.

To the class of 2023 you are in front of me, for one of the last times, as students of Salisbury High School, and as friends.

Advice I want to share with you is to realize how talented, inspiring and resilient you can be. Today is the beginning of your next journey and where you are heading is what matters. So, embrace this next stage of your life. Don't be afraid but continue to learn and grow and be inspired by people and places. Seek new experiences, work hard and live life to the fullest. Be curious, take risks, be strong, be sensitive, be caring and be true to yourself.

Our work here is done. It is time for you to move on. But remember Salisbury HS with fondness, stay connected, reach out if you need and hold your memories close. We will welcome you back as Old Scholars. This wasn't the year you expected but it was your year and I am proud to have been a part of it.

Congratulations class of 2023.

I would now like to share with you some of the 2023 highlights of this year.

GOVERNING COUNCIL CHAIR PERSONS ADDRESS

Good morning, my name is John Lynn, Chairperson of the Salisbury High School Governing Council. I would like to extend a warm welcome to Parents, guardians', friends and honoured guests, who have taken the time today to come and help celebrate with the most important people in this room, the year 12 graduating class of 2023.

I have been a part of the Governing Council for the last five years, I have four daughters one is in the Police Department, another in the Airforce, and one works with children. My youngest daughter is in the graduating class today, I have always tried to be there for my girls and tried to help them where possible, the only thing I have asked each of my girls was to do their best. As a parent I'm very proud of each of them for what they have achieved.

I understand that most of us can think of better places to spend our day than at school, but hopefully the years you have spent at school has prepared you in some small way for the new challenges that you will be confronted with as young adults when you walk out the front gates of Salisbury High for the last time today.

Being involved with Salisbury High over the last 5 years, I have found that the Principal, teachers and support staff are some of the most dedicated people that I have met and a credit to their profession, and I wish them well in the future.

In closing I would like to wish each and every one of the year 12 students success in whatever direction you may take in the years to come, and remember the world is your oyster and nothing is impossible.

Once again Congratulations to the year 12 graduating class of 2023.

John Lynn

STUDENT ACTION TEAM REPORT

2023 was another busy year for our Student Action Team with students engaging in a variety of projects, activities, events and excursions.

LEADERSHIP TRAINING DAY

To begin their year SAT members attended a Leadership Training Day run by Maria Blackmore where they set the foundations for a productive year ahead. This day pushed students to grow and show their leadership capacity by providing feedback to our local council on how it can better support youth, and by debating what's important to our school community.

WELLBEING DAY

On Wellbeing Day, the SAT collected data to help us better understand the needs of the school. Throughout the day the team collected student opinion on topics including bullying, mental health and student clubs. The team were impressed by the high number who got involved but did suspect that the free pancake at the end was quite the drawcard, with over 200 pancakes being given out!

ATHLETICS DAY

For Athletics Day the Student Action Team came together to run a Chicken Wraps stall and Bonus Challenge games. The stall was a hit, selling out early, with 120 servings sold and \$333 profit raised.

The Bonus Challenge games were also greatly received by students, adding another way for students to earn points for their houses!

ANZAC DAY SERVICE

In a display of respect and remembrance, three dedicated students from our Student Action Team participated in the Salisbury ANZAC Day dawn service. Rising before the sun, our students paid tribute to the brave soldiers who fought and sacrificed their lives for our freedom. Alongside representatives from two other local schools they stood shoulder to shoulder with members of the local community and paid their respects by laying a wreath.

SSO WEEK

To give back to the school and those that help support them, the SAT students helped to create a video to say thank you to all SSOs. This video shared some lovely messages of thanks from students across the school to each of the SSOs and was shared with the SSOs during the week. Several SAT students also volunteered their recess time to help serve morning tea to the SSO'S who were all excited to see the students smiling faces!

RECONCILIATION WEEK AMAZING RACE

During Reconciliation Week SAT students helped to run an Amazing Race activity where teams raced around the school following clues to finish the race. Over fifty students took part in the race learning more about Reconciliation Week and our Aboriginal Community at Salisbury high with different information at each station. The fastest teams back to the library at the end of the race won boxes of chocolates and boogie boards which were met with lots of excitement.

STUDENT ACTION TEAM REPORT

BIGGEST MORNING TEA FUNDRAISER

In Term 2, Senior SAT students Isabella Kenney and Savannah Genge ran a bake sale to support and raise money for the Cancer Council Biggest Morning Tea. The girls prepared for the bake sale by researching recipes for a variety of delicious baked goods which were all baked with help from middle school members of the team. In total the team raised over \$275 to go towards Cancer Council and there were many full bellies at the end of the week!

SUSTAINABILITY FORUM

In Term 3, five SAT students attended a Sustainability Forum held at Parafield Gardens R-6 school. Throughout the day students shared their sustainability projects at each of their schools, as well as discussing ideas for future projects. This excursion was a great learning day for our SAT environment representatives and gave opportunity to brainstorm other initiatives the team could begin at our own school in the future.

CLEAN UP AUSTRALIA DAY:

As a part of her work with the Salisbury Youth Council, senior SAT student Cara Castle organised a clean-up event for Clean Up Australia Day. During the excursion the Student Action Team walked to the reserve behind the school and spent time collecting rubbish and cleaning up the area. Our students came back with full bags and tired legs but were happy to have helped make the reserve cleaner for the entire Salisbury community and to help better the environment.

IMOGEN YOUNG
STUDENT

SALISBURY COUNCIL YOUTH SUMMIT

In Term 4 SAT students from all year levels attended the 2023 Salisbury Council Youth Summit to meet with council members and other student leaders from the area. Students had the chance to listen to speakers from different areas as well as having a chance to have their say about what matters to them as youth in the Salisbury community.

This was an exciting opportunity for the SAT students and had them engaged and interested all day. If you were watching Channel Ten News you may have even see some of our SAT students taking part in activities as well as a cracker interview from Year 8 Student Imoghen Young.

GROUP PROJECTS

Throughout the year our project teams also worked through the design thinking process to develop projects to better the school in the Environment, Wellbeing and School Clubs. Each of the project groups saw students from all year levels work together to see a need within the school, develop an idea to fix it and then put these ideas into action.

The Environment Team used what they had learnt about sustainability to create resources to help the arrival of the new bin stations, the Wellbeing Team created a gratitude tree to go up in the library and the Clubs Team helped advertise student clubs and collected data on how to better these in the future. Although busy with many other SAT events and activities students saw their ideas through and were able to help better our school in each of these areas.

SAT 2023

WALL OF FAME

In 2019 as part of the Salisbury High School 60th birthday celebrations, the school set up a Wall of Fame to acknowledge the achievements of our Old Scholars.

Initially the Wall of Fame was an internal process where the school would add Old Scholars who met the criteria of one or more of the categories as their achievements became known to us and included basic information such as current and school photos, accomplishments and years of attendance.

The Wall of Fame has now developed into a much more informed process with each 'inductee' now having a detailed history attached to their profile, accessible through the included QR code.

With the strength of the foundation created, and the Wall of Fame now becoming imbedded in our school culture, we are pleased to now include the induction process as part of our Speech Day.

I welcome **Roy Magor** Founding Principal of Tyndale Christian School to the stage. Roy is being inducted under the HASS banner of our Wall of Fame for his service to education.

Whilst our other 2023 inductees were not able to attend today's event as they are all interstate or overseas, we proudly announce their induction to the Wall of Fame.
